Course Title: Interconnected Risk

Prerequisite Courses: Understanding Substance Use

School: School of Community and Social Justice

Division/Academy/Centre: Centre for Counselling and Community Safety – Counselling and Capacity Building

Previous Course Code & Title:

Course First Offered:

# of Credits:	1.0
----------------------	------------

Course Description:

This 14 hour course provides participants with an understanding of the interconnected risks of substance use and violence, trauma, sexuality, concurrent disorders, marginalization and poverty. Topics include: building your own models for multidagnosis and for working with multiple issues, integrated case planning and implementation of safety strategies.

Course Goal(s):

At the end of the 14 hour, 2 day course, participants will be able to discuss the interconnected risks of substance use and violence, trauma, sexuality, concurrent disorders, marginalization and poverty and will be able to work with multiple issues.

Learning Outcomes:

Upon successful completion of this course, the learner will be able to:

1. Identify and discuss the interaction between violence, sexuality, trauma, mental health and substance use.
2. Examine their own model for working with clients facing multiple issues.
3. Discuss and discriminate the impact of gender, health, power and culture on clients.
4. Recognize the existing barriers to clients facing multiple needs.
5. Explore and apply good integrated case management strategies

Course Topics/Content:

- Belief systems and maps
- Theoretical lenses/maps
- Applying lenses to ADS issues
- Concurrent disorders
- Alternative treatments
- Integrated case management
- Alternative treatments

JIBC Core Competencies

The JIBC promotes the development of core and specialized competencies in its programs. Graduates of our programs will demonstrate high levels of competence in the following areas:

Critical thinking

Identify and examine issues and ideas; analyze and evaluate options in a variety of fields with differing assumptions, contents and methods.

Communication, oral and written

Demonstrate effective communication skills by selecting the appropriate style, language and form of communication suitable for different audiences and mediums.

Leadership

Inspire individuals and teams to reach their potential by embracing innovation through strategic thinking and shared responsibility.

Independent learning

Show initiative by acting independently in choosing effective, efficient and appropriate applied learning, research and problem solving strategies.

Problem solving

State problems clearly; effectively and efficiently evaluate alternative solutions; choose solutions that maximize positive and minimize negative outcomes.

Interpersonal relations

Know and manage oneself; recognize and acknowledge the needs and emotions of others including those with diverse backgrounds and capabilities.

Inter-professional teamwork

Understand and work productively within and between groups, respect others' perspectives and provide constructive feedback with special attention to inter-professional relationships.

Information literacy

Recognize and analyze the extent and nature of an information need; efficiently locate and retrieve information; evaluate it and its sources critically, and use information effectively and ethically.
