**Course Description:**

This course will help you clarify the application of professional codes of conduct and the real-world application of ethical behaviour in the practice of mediation. In practice, mediators frequently encounter situations that require tough decisions. What should a mediator do when personal or professional values are challenged? Professional codes of conduct that govern the mediator can sometimes conflict. How does a mediator sort through the issues and decide what to do? When should clients be referred? When should the mediator terminate the mediation? What happens when the decision isn't clear? *Instructor: Sharon Wilson*
